

CONSENSUS[®] disposable products for the Genesis[™] sterilization tray system - the highest in quality **at a 25% LOWER PRICE!**

PRODUCTS FOR MEDICINE is your only alternate source of components for the Genesis* sterilization containers. In the market for over five years, our products are stocked throughout the U.S. The quality of our filters is proven by test results covering steam penetration, gas residue and shelf life. Samples and test results are available on request.
