

# A New Headlight System: Bright, Very Comfortable, and Super Lightweight.

The **Small Sun XL 200** light source offers bright quartz **Halogen 200 watt illumination**: 3600° Kelvin color temperature at maximum intensity and 4000° in Filter mode - **Amazing light for almost half the cost of Xenon!** It's compact, powerful, flexible and it will:

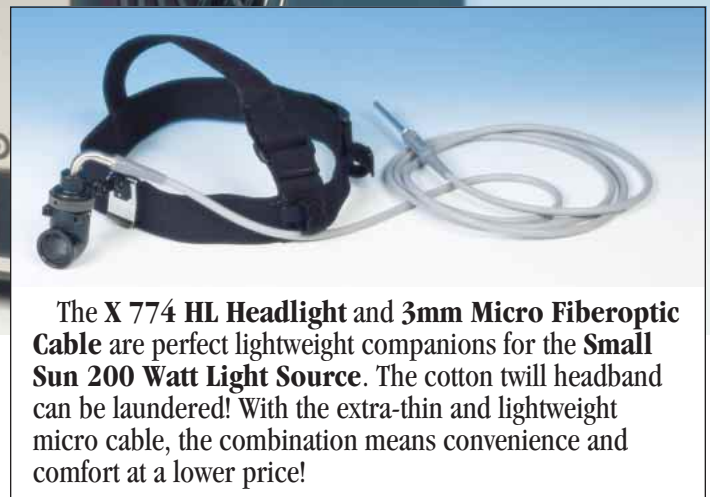

- **Output 4800 foot candles** to a fiberoptic headlight.
- **Work anywhere in the world.** (100/240v-50/60Hz)
- **Fit most cables.** (Products For Medicine can supply connectors for any cable or instrument that you specify.)
- **Operate simply.** The **Small Sun XL 200** is excellent for a variety of uses on limited budgets. The *easy-to-operate* infinite intensity control includes a "Flip-In" filter setting for near-Xenon white light. The 40-hour lamp is easily accessible for quick changes with our inexpensive replacement bulb. The fan is thermostatically controlled.

The optional **XL 200-1 Mounting Platform** adapts to an IV stand. Both are backed by our *6 months warranty on materials and workmanship.*

7.5" L x 5.5" W x 4.3" H / 6.75 lbs.

- ETL Certified to UL 2601
- cETL Certified to CAN/CSA C22.2 No. 601.1
- CE Certified for Safety and Electromagnetic Compatibility

**PRODUCTS  
FOR  
MEDICINE**

The **X 774 HL Headlight** and **3mm Micro Fiberoptic Cable** are perfect lightweight companions for the **Small Sun 200 Watt Light Source**. The cotton twill headband can be laundered! With the extra-thin and lightweight micro cable, the combination means convenience and comfort at a lower price!
